## **REMIS AMERICA Enhances Shopper Experience with Doors & LEDs**

(ELKHART, INDIANA) Thanksgiving shoppers at a Lancaster, Ohio, Carnival Foods store had a warmer, brighter shopping experience while stocking up for their holiday tables. REMIS AMERICA installed its REMIsafe French open hinged doors on 124 feet of previously open dairy at the Associated Wholesale Grocers store.

Carnival store owner Dan Bay commented on how drastically the doors changed the store. "Covering the cases immediately warmed up the aisle, around 15 degrees. I'm not kidding, it was cold. Our use of compressors went from 4 compressors on a rack down to 1.5 compressors. All the refrigeration guys saw immediate results."

The installation is one of the first in which REMIS AMERICA has used ElectraLED lights. The integrated LED systems focus on light quality and energy efficiency while improving product visibility and overall case efficiency to the highest possible level.

Director of New Business Development at ElectraLED Jeff Brooks remarks, "ElectraLED, Inc is proud to have been a development partner with REMIS AMERICA in bringing a new generation of advanced LED lighting systems to the medium temperature door market."

Bay said that shoppers have had nothing but good things to say about the new doors and lighting. "We have received extremely positive comments from the customers. With the LED lighting, the product just sparkles, it pops. It looks much cleaner than it did with the fluorescent lighting and the doors look like they were meant for the case."

REMIS AMERICA offers retro-fit refrigeration doors and covers to grocery retailers and OEM case manufacturers that cut energy costs up to 80% while also greatly reducing retailers' carbon footprint.

REMIS AMERICA'S, eco-friendly, energy saving systems are unrivaled in keeping energy consumption low by providing a full range of medium temperature insulated glass doors and bunker freezer covers, installation and service. These proven glass doors and covers are engineered to custom fit individual refrigeration case specifications and are in use in over ten thousand retail stores throughout Europe, via our sister company, REMIS GmbH of Cologne, Germany.

REMIS AMERICA, headquartered in Elkhart, Indiana, is the result of a joint venture between, DEHCO, Inc., Elkhart, Indiana, and REMIS GmbH of Cologne, Germany.

In addition to the Midwest headquarters, REMIS AMERICA offers a network of sales and service centers throughout North America, including Eugene, OR, Ocala, FL, and Manheim, PA.
